

OPERATIONALIZING RURAL HEALTH TRANSFORMATION

Turning Funding into Sustainable Rural Health Impact

Texas—through the Texas Health and Human Services Commission—is deploying **\$1.4B** over 5 years to transform rural healthcare. At Intrepid Ascent, we understand both the technical & programmatic side of HIEs & clinical workflows, & we provide actionable strategy for impactful work.

Intrepid Ascent provides the expertise needed to:

- **Translate** policy into action
- **Convene** & align regional partners
- **Drive implementation** through infrastructure, governance, & service delivery models development
